

# Clough-CDU Partnership launch

pursuit of excellence

## Join us to celebrate the launch of the Clough - CDU Maintenance Engineering Collaboration (CCMEC)

Bringing together specialist research capabilities with proven maintenance engineering expertise to support the oil and gas industry and other industries.

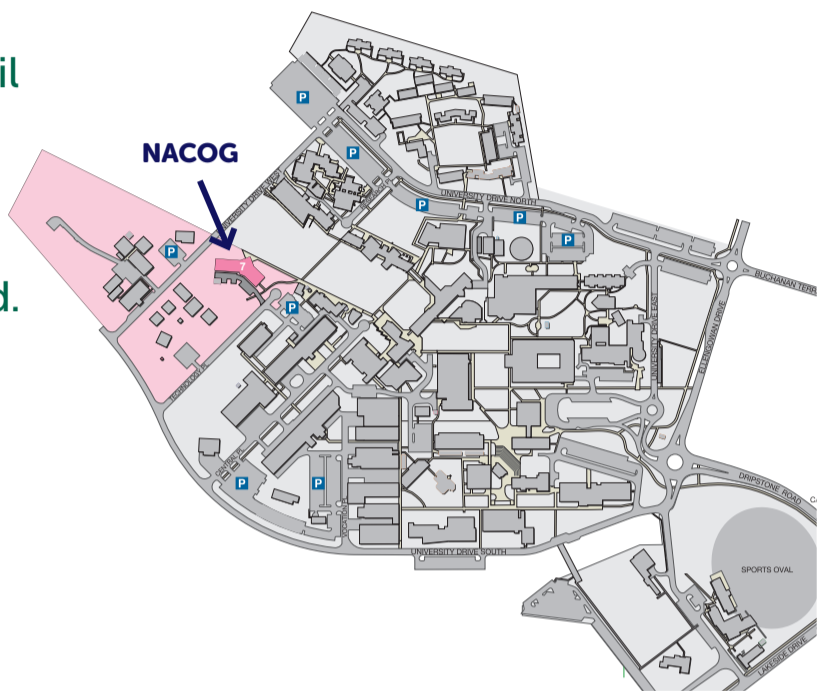

The event will take place at the North Australian Centre for Oil and Gas (NACOG). Refreshments will be provided.

**TIME:** 4:00PM to 5:00PM

**DATE:** Thursday 23 March, 2017

**ADDRESS:** NACOG, Building Pink 7  
Casuarina campus  
Charles Darwin University,  
Darwin, NT

**RSVP:** [oilandgas@cdu.edu.au](mailto:oilandgas@cdu.edu.au)

## ABOUT THE CLOUGH-CDU MAINTENANCE ENGINEERING COLLABORATION

The collaboration is founded on three pillars:

### EDUCATION

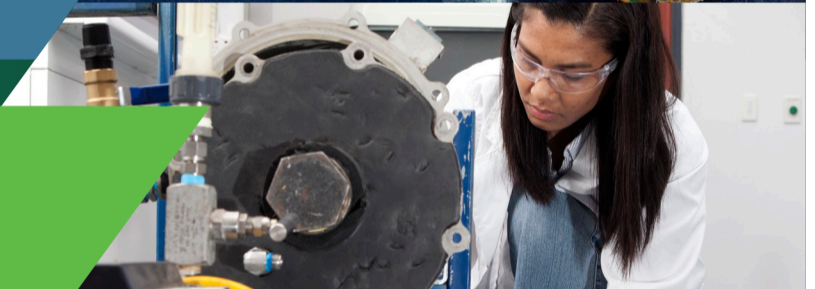

Fostering the next generation of maintenance engineers through industry-aligned curriculum development

### RESEARCH

Developing new knowledge for maintenance engineering

### INDUSTRY PARTICIPATION

Working with industry to deliver pragmatic solutions for real industry problems

Through its maintenance collaboration and specialist research capabilities, the partnership offers the industry:

- Improvement and optimisation of asset integrity for onshore and offshore facilities
- Real-time prediction of failures, availability and plant performance via Prognostics Health Management (PHM)
- Automated maintenance management
- Specialist maintenance advice and solutions
- Development of strong Darwin, East Timor and Indigenous local content offerings for local operators
